

31st ARS SA-16 at Subic Bay 1954

Photo taken by 'Doc' Hyatt (PJ TSgt) from a 6-man raft, occupied also by Ted Hawkins, 'Big Willy' Williams and myself. We were about to be picked up after having been for two days on a rescue missions up in the jungle covered mountains, where some Sea Bees had been caught by a land slide. The year was 1954 and the location Subic Bay P.I. We were then with the 31st ARS at Clark... ChBeers! Udo Fischer
