

As far as we know. Spad 11 going
to clear with fire suppression E. & W.
Gunfighters helping along.

0706

Spad 28 going in for pickup by snake.
Spad 11 getting ground fire. King advises
to do more fire suppression report Spad 28
goes in for pickup. Spad 28 still being
taken in.

0708

Friendlies 200 meters in the area

- 0710 King advises to hold off JG 28 for pickup and launch more jellies for back up.
- 0711 Jolly Green 21 airborne for pickup for JG 28 and replace JG 31.
- 0712 Both squads using fire power no ground fire last few minutes. Bring JG 28 in closer.
- 0714 JG 28 lowering penetrator.
- 0715 JG 28 trying to get voice contact, (negative) with Brick 23 penetrator allowed to ground.
- 0720 Ha. JG 28 had fire warning light but they think everything is OK. King advises to hold 28 to hold until JG 31 can back them up. They have intermittent voice contact with survivors.
- 0723 Other a/c able to hear survivor but JG 28 unable to. Squad 01 and 02 on scene. About 10 minutes. No more ground fire. JG 28 holding near the ~~area~~ scene.
- 0730 JG 28 overhead but do not have survivors in sight. Queen advises again to slow up JG 28 until JG 31 arrives for back up. No ground fire for last ten minutes. 2 other Choppers in area with McGuire. Survivor advised of friendly in the area. JG 28 to low in the valley. Starting top of ridge and working down till make contact. JG 28 has 1400 lbs of fuel.
- 0736 JG 31 has survivor ~~has~~ giving JG 28 GSA. JG 28 not to make pickup until JG 31 is area for back up. Might be in process of making pickup already.
- 0740 JG 28 putting penetrator down now. JG 28 is in the area.

0742 | Spade going to fire some rockets behind
JG-28 while making pickup. No more
ground fire. JG-28 still does not have
radio contact but other acft do.

0745 JG 28 has survivor on board and leaving the area.

0746 Survivor seems to be injured pretty bad advise better later. Taking survivor to CH 77 (0815Z ETA). Taking survivor to NSA.

0750 JG 31 going to A/R with Crown 6

0751 JG 28 advises that the survivor has broken ribs and is in ~~shock~~ shock and possible broken legs. Will go to NSA if he has enough fuel.

0755 JG 28 will take survivor to NSA. Confirm only one person was down.

0757 JG 28 advises survivor in better condition but still in shock.
