

20 January 1971

F-4E 67-0267 366 TFW, USAF, Da Nang
Capt D A Warner (survived)
Maj H E Kiefer (survived)

A Phantom was hit by small arms fire seconds after it took off from Da Nang and was climbing through 1,000 feet. One of the aircraft's engines caught fire so Capt Warner turned the Phantom out over the sea and he and Maj Kiefer ejected a few miles off the coast. They were both picked up safely by a USAF helicopter.
