

A-1H 52-134551 1 SOS, 56 SOW, USAF, Nakhon Phanom
1Lt William Joseph Seitz (survived)

As dusk drew on another USAF aircraft fell victim to the SA-7. A SAR task force was looking for 1Lt Jankowski when one of the Skyraider escorts (Sandy 08) was hit by a missile as the aircraft orbited at 3,500 feet about 10 miles south of Quang Tri. The aircraft's engine caught fire but 1Lt Seitz managed to reach the coast, escorted by an OV-10, and ejected about four miles off the beach where he was eventually picked up by an Army helicopter. This Skyraider was painted with the nickname 'Jello Liver' while with the 1st SOS and had suffered extensive battle damage from a 57mm shell during a SAR mission in March.
