Job Aid Plan, Combat Pay Increases Near

By Bob Horowitz

ON — The Senate was near a decision on a bill that would increase combat pay and benefits. It approached a showdown on the House-Senate conference of the pay-draft bill.

For a Senate decision were moves by Sen. Frank Lautenberg (R., Ore.) to put all military pay increases to pay physicians and dentists as much as \$200 a month above their regular pay, and to pay to \$200 a month.

Whether these and other pay increases are approved by the Senate, the pay bill will not be cleared up for at least a month.

Since the House has approved a \$2.75 pay increase which raises all pay grades, while the Senate has voted to raise pay of first-termers by the full \$2.75.

A decision will be made in a House-Senate conference. The Senate completes action on the bill. The Senate will finish voting on the bill. Dozen amendments will depend on the House-Senate conference. The bill would direct the Secretary of Defense to set up an entirely new pay system. It provides that pay will be combined with quarters and other allowances.

Drug Order By Nix

By Bob Schweitz

WASHINGTON — By Presidential order, the military is launching a massive, world-wide drive against military drug users.

Tests of all men leaving Vietnam via Long Binh and Cam Ranh Bay already have begun. Those whose

urine shows signs of drug use are sent to treatment centers where they are given help to break the habit. If they get further treatment at a VA hospital, they are given a Presidential award for achievement.

Progress for achievement awards involves allowances for men who need to break the habit.

There will be no action against those who are users, but there will be action for prosecution of those who are caught while using drugs or other substances, officials say.

The urine tests will be followed by a series of substances which will be given to people and civilians of all grades, according to a spokesman.

Rescued in Laos

HAPPINESS IS arriving safely at Da Nang Afd., Vietnam, after parachuting into an enemy-infested area near Bolovens Plateau in Laos. Forward air controllers Maj. Samuel R. Roff, right, and 1st Lt. Arthur L. Moxon were forced to eject from their OV-10 after it was hit by ground fire while they were directing an air strike against enemy positions. They were rescued by Super Jolly Green Giant chopper crews from the 37th ARRS. Commented Major Roff: "When we heard the Jolly Greens were coming, I was so damned happy I couldn't believe it."
