Subj: Letter, Darcia to Prince (ARRS Personnel KIA
in SEA), 12 Jul 1984

To: ARRS/CC (Col Heeter)

1. Attached is a listing of ARRS personnel KIA in SEA, 1965-1973. I cannot be sure, without rather exhaustive further research, that this is a complete list, but those listed are verified casualties. The names were extracted from the USAF Southeast Asia Casualty Work Deck Listing, as of 20 Apr 1974. -- At that time we were trying to extract this information for a ceremony of dedication in front of Bldg P-4, Scott AFB (Rescue Memorial Park).
2. This is the best I can do from sources immediately available. I hope it will help.

Dear Phil:

12 Jul 84

HO

I wonder if you remember me from Luke AFB some 25 years ago?

Well, I sure did like Arizona so I ended up here after retiring from the Air Force ten years ago.

Still see Larry Jones once in a while... He's in his hometown of Plymouth, NC.

I hear from Frank Highsmith... His brother lives here in Tucson... Frank was a F-105 driver in SEA if you can imagine that!!!

Walt McMean is a jailer at the Maricopa County Jail.

So much for that... And I hope that you are still at Scott w/MAC. Because- There is an organization called the VIETNAM HELICOPTER PILOTS ASSOCIATION, HQ in Phoenix. Lots of members and a bunch of good troops... We had a convention last month and from what I saw it looks like the organization is going to go places. As of now almost 100% of the members are Army types, active and former, with just two or three AF and about a dozen Navy/Marine members.

In our just published roster of members we have a section IN MEMORY OF the MIA/KIA aircrew members, who were KIA as a direct result of enemy action. The list was provided to us by Ft. Rucker.

Of course, I am interested in spreading the word of this organization where Air Force people will find out about VHPA and will want to take an active part in the group.

The first thing that I want to do is make available to VHPA a list of the AF Rescue personnel who should be memorialized in the roster and in such other manner as may be appropriate at some future date. Can you help with this from ARS records... That is, does such a list exist?

I have information showing that 18 AF pilots were KIA and 63 other aircrew (all helicopter) were casualties.... No doubt most were ARS connected.

Come to think of it... I have an inflight tape recording of an ARS pilot who bought it during the attempted rescue of a downed F-100.... I suppose that recording is well known in ARS circles... I don't know who the pilot was.... His name is mentioned on the tape but it's unintelligible.

The photo of me (with Paul Tibbets) was taken 3 years ago during the making of a movie which explains the WWII uniform.

Yours Truly,

COL HEETER

Dottie brought this up for your information.
