K. POC IS MSGT JOHN F. CASSIDY, AV 225-6719 OR 6126.
L. MSGT RODRIGO EXITED NUMBER ONE OF A SIX MAN STICK FROM
THE RAMP OF A C-130B AIR NATIONAL GUARD AIRCRAFT. THE
AIRCRAFT WAS FLYING A RIGHT HAND DEPLOYMENT PATTERN AT
9,500 FEET MSL. THE AIRSPEED WAS 115 KIAS STRAIGHT AND LEVEL.
THE AIRCRAFT DEPLOYED TWO STICKS ON THE PASS THAT MSGT
RODRIGO EXITED ON. MSGT RODRIGO WAS IN STICK 1A WHICH WAS
FOLLOWED OUT OF THE RAMP BY STICK 1B (FIVE MAN STICK) SIX TO
SEVEN SECONDS LATER. ALL ELEVEN JUMPERS FROM THAT PASS LANDED
ON MCONB DZ. MSGT RODRIGO WAS THE FIRST JUMPER TO MAKE A
LANDING APPROACH. WITNESSES DIFFER FROM HIM HEADING DOWNWIND
TO CROSSWIND ON HIS APPROACH TO THE TARGET. EITHER CASE ALL
WITNESSES STATED THAT AT ABOUT 50 (FIVE, ZERO) FEET ABOVE THE

PAGE 04 RUDOVUAD073 UNCLAS E F T O
GROUND, MSGT RODRIGO INITIATED A RAPID FULL GLIDE RIGHT TURN.
HE COMPLETED ABOUT 330 DEGREES OF THIS TURN BEFORE IMPACT
WITH THE GROUND. HIS APPROACH AND LANDING AREA WAS WELL
CLEAR OF ALL OBSTACLES. HOWEVER, THIS INDIVIDUAL ALSO HAD
NOT DISCONNECTED HIS OXYGEN MASK WHICH WAS FOUND TO STILL
BE CONNECTED WITH BOTH BAYONET CONNECTORS TO HIS HELMET. ALSO
MSGT RODRIGO HAD DISCONNECTED HIS ALICE PACK FROM HIS
PARACHUTE CONNECTOR RINGS AND LOWERED IT TO HIS FEET. THE
PACK WAS KEPT ON HIS FEET DURING HIS LANDING. IT WAS ALSO
NOTED BY INDIVIDUALS ADMINISTERING MEDICAL TREATMENT TO
MSGT RODRIGO THAT HE WAS NOT WEARING HIS GLASSES. WEATHER
IS NOT CONSIDERED A FACTOR IN THIS INCIDENT. SURFACE WINDS
WERE REPORTED BY THE RAF WOODBRIDGE TOWER TO BE 120/06 AND
THE GROUND PARTY VERIFIES WINDS AS 5 TO 7 KNOTS. ALTITUDE
WINDS RECEIVED FROM THE AIRCRAFT DOPPLER PRIOR TO JUMPER
EXIT WAS COMPUTED TO BE 245/30.
N. MSGT RODRIGO SUSTAINED THE FOLLOWING INJURIES:
A POSTERIOR DISLOCATION OF THE RIGHT FEMURAL HEAD WITH
RESULTING FRACTURE OF SUPERIOR ACETABULUM, AND FRACTURE OF
RIGHT FEMERAL HEAD. HE IS EXPECTED TO REMAIN IN THE

PAGE 05 RUDOVUAD073 UNCLAS
HOSPITAL FOR AT LEAST 30 DAYS. THE FLIGHT SURGEON
ESTIMATES ONIF STATUS FOR AT LEAST 3-9 MONTHS AND
INDIVIDUAL MAY REQUIRE WAIVER TO BE PLACED BACK ON
FLIGHT STATUS.
