

PARARESCUEMEN RECEIVE MEDALS

HICKAM AFB, Hawaii — Two 76th Aerospace Rescue and Recovery Squadron pararescuemen recently were presented the Airman's Medal for an Aug. 27 mission in which they helped save the life of a heart attack victim at sea.

TSgt. Robert G. Wheeler and Sgt.

Charles R. Ingulli Jr. parachuted to the merchant ship SS Rider Victory with medical supplies to treat the ship's ill master. They jumped at night into 10 to 12 foot swells with only flashlights aboard a whaleboat for a target.

They treated the ill man until the ship docked and he was taken to a hospital.
