(THIRD OAK LEAF CLUSTER)

TO

GARRY D. LEWRY

Staff Sergeant Garry D. Lewry distinguished himself by outstanding achievement as a Pararescue Specialist near the city of Taegu, Republic of Korea, on 11 September 1980. On that date, without regard for his own personal safety, Sergeant Lewry worked closely with other Pararescue Specialists, wading through freezing waters, to bring 10 Korean Nationals to safety. The distinctive accomplishments of Sergeant Lewry reflect credit upon himself and the United States Air Force.
